

# We Are Green Friendly

For The Environment and Your Wallet!

**WARREN OIL COMPANY INC.** is pleased to announce the development of our environmental friendly motor oil **ENVIROIL®**. **ENVIROIL®** is an exceptionally high quality **RECYCLED** motor oil made from rerefined base stocks. This recycling process reduces energy production use by up to 85% over base stocks from virgin crude oil. It yields a product that exceeds the highest standards required for gasoline engine performance: API Service SM, SL – ILSAC GF-4.

**ENVIROIL®** features a wide “easy pour” opening and a **100% recyclable bottle**. Your purchase of **ENVIROIL®** assures we keep a cleaner environment as well as adding a little more green to your bottom line!
